# Create a new repository for homework(1/3): OVERVIEW
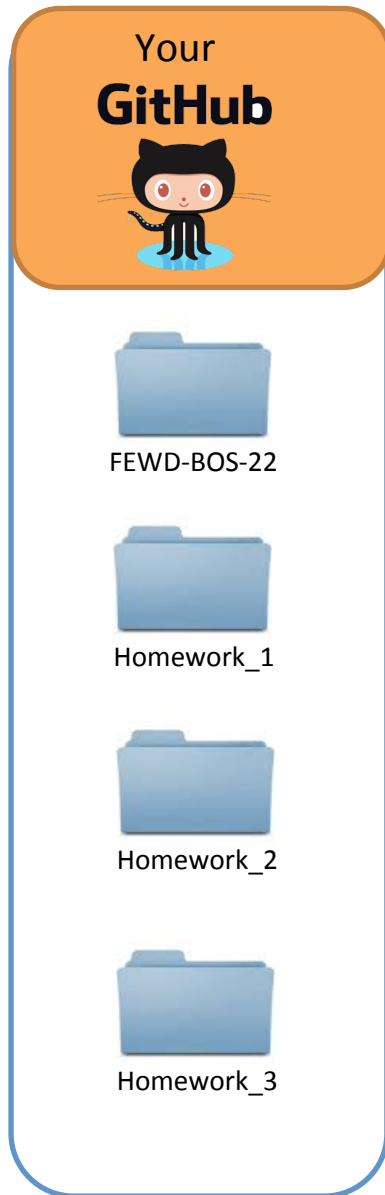

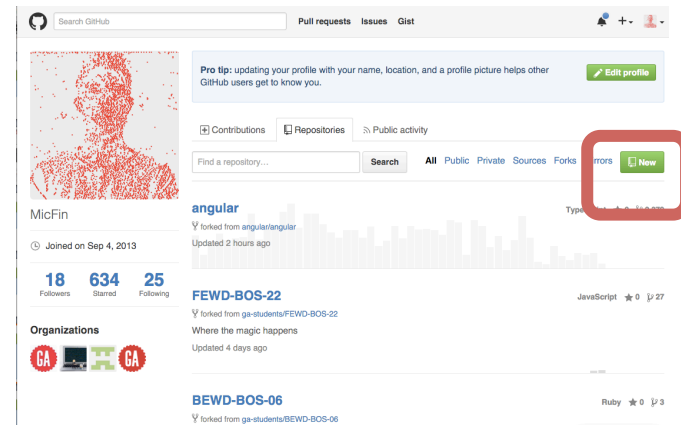

Create a new repository for homework(2/3): CREATE NEW REPO

Your **GitHub**

FEWD-BOS-22

Create New Repo

Homework_1

Homework_2

Homework_3
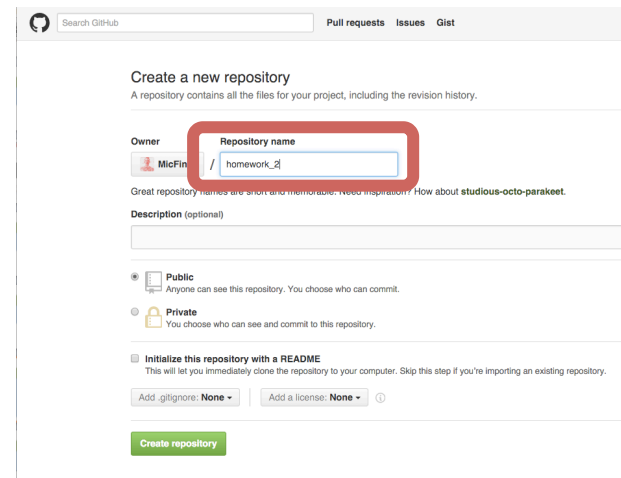

## Step 1

Step 2

Create a new repository for homework(3/3): CLONE

Your GitHub

Your Local

FEWD-BOS-22

FEWD-BOS-22

Homework_1 → **Clone** → Homework_1

Homework_2 → **Clone** → Homework_2

Homework_3 → **Clone** → Homework_3

Step 1
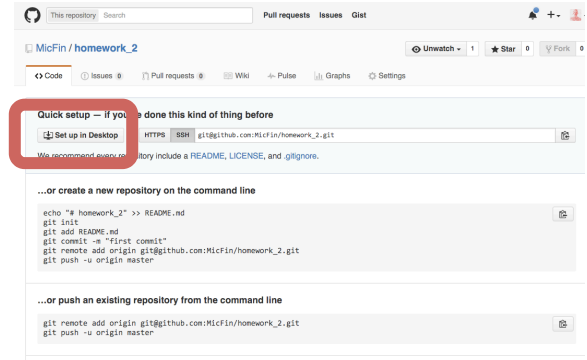

Step 2
Save to the GitHub folder on your computer.

DO NOT save inside of another repository by accident or you will have to delete it and start over. All of your repositories should be saved in the GitHub folder.

Update your Github repository with your local homework files and updates
